PANCAKE FACTS

In Provence it is customary to hold a coin in your left hand whilst tossing your pancake - if successful you will be rich!

It is estimated that us Brits use a staggering 52 million eggs come Pancake Day, which is 22 million more than on a regular day!

The first pancakes were made 12,000 years ago! They ground grains and nuts, mixed them with water and baked them on hot stones!

Mike Cuzzacrea ran the New York marathon in 1999 in 3hr 2min 27sec tossing a pancake as he ran!
